Screened Soil

AMS sell a sandy loamy soil which occurs naturally within the Bournemouth and Poole area.

The soil is 100% recycled and is screened to 10mm or 20mm.

AMS operate a large fleet of tipper lorries enabling us to deliver from 1 tonne up to 20 tonne.

Benefits of our Screened Soil

- ⇒ Extremely competitive rates
- ⇒ Delivery using various sized tipper lorries
- ⇒ Collection available from multiple sites
- ⇒ Soil screened to 10 or 20mm
- ⇒ 100% Recycled
- ⇒ Sustainable alternative to raw material

Our Top Soil is perfect for:

- ⇒ Gardening
- ⇒ Landscaping
- ⇒ Planting

Collection available from:

Canford Recycling Centre,
Wimborne BH21 3AP

Cartaway Service

Waste producers are now duty bound to ensure that their spoil is disposed of in an appropriate licensed landfill site or recycling centre.

We are an experienced, registered waste carrier licensed to cart away inert, site and contaminated waste.

Our relationship with Commercial Recycling Ltd allows us to ensure that all waste is recycled where possible, thus reducing the volumes taken to landfill.

Benefits of our Cartaway Service

- ⇒ Extremely competitive rates
- ⇒ Our duty of care ensures that all waste is disposed of in accordance with regulations
- ⇒ Disposal of inert, site and contaminated waste
- ⇒ Soil testing service available
- ⇒ Relationship with Commercial Recycling Ltd ensures that the maximum amount of waste is recycled

Grab Lorry Service

Our Grab Lorry service offers a convenient rapid way to dispose of builders waste, soil, hardcore or concrete.

This flexible service is an ideal solution for difficult sites and does not require the use of additional machinery for loading.

Our relationship with Commercial Recycling Ltd allows us to ensure that all waste is recycled as opposed to being sent directly to landfill, thus reducing volumes taken to landfill.

Benefits of our Grab Lorry Service

- ⇒ Extremely competitive rates
- ⇒ Day work and load rates available
- ⇒ Disposal of inert spoil, site waste, hardcore and concrete
- ⇒ Delivery of materials available from the same vehicle.
- ⇒ Relationship with Commercial Recycling Ltd ensures that the maximum amount of waste is recycled

Contaminated Waste Service

Waste producers are now duty bound to ensure that their spoil is disposed of in accordance with current regulations.

Our experienced team can advise waste producers on registering the sites with the Environment agency and organising the appropriate site surveys.

Upon completion of the site survey we can then manage and dispose of the waste to the appropriate landfill or treatment facility.

Benefits of our Contaminated Waste Service

- ⇒ Extremely competitive rates
- ⇒ Experienced in the disposal of contaminated waste
- ⇒ Licensed to carry contaminated waste
- ⇒ Relationship with Commercial Recycling Ltd ensures that the maximum amount of waste is recycled where appropriate .
